PROFESSIONAL SUMMARY

UI/UX Designer with a technical background in Front-End and Flutter development.

Experienced in user research, interviews, competitor analysis, and translating user needs into clear user flows, wireframes, prototypes, and intuitive interfaces.

Combines design thinking with technical knowledge to create practical, user-centered digital experiences.

PROJECTS

Mazaq – Food Delivery App UI/UX Design

- Designed a food delivery mobile experience with a focus on clear navigation and a smooth ordering journey.
- Created user-centered screens and interaction flows to make browsing restaurants and placing orders easier.

Skillo – E-Learning Mobile App UI/UX Design

- Designed an e-learning mobile app focused on making educational content easier to discover and access.
- Developed intuitive, user-centered interfaces to support a clear and engaging learning experience.

EXPERIENCE & TRAINING

UI/UX Design Trainee October 2026 – Present
Creativa Innovation Hubs, Mansoura

- Practice user-centered design through research, user interviews, and competitor analysis.
- Translate research findings into user flows, wireframes, and Figma interface concepts.

Front-End Development Diploma September 2026 – Present
Creativa Innovation Hubs, Zagazig

- Build front-end foundations using HTML, CSS, and JavaScript, with a focus on responsive layouts.
- Develop the technical skills needed to implement and collaborate on modern web interfaces.

UI/UX Design Bootcamp Trainee September 2026
Huma Volve

- Participated in a focused UI/UX bootcamp to strengthen practical design knowledge.
- Practiced applying user-centered thinking to interface and experience design tasks.

UI/UX Design Diploma · 63 Hours November 2025 – February 2026
Creativa Innovation Hubs

- Covered user research, interviews, competitor analysis, personas, user stories, and information architecture.
- Practiced user flows, card sorting, wireframing, and Figma components throughout the design process.

Flutter Mobile Development Trainee · 120 Hours April 2026 – May 2026

NTI

- Completed 120 hours covering Dart, OOP, Flutter UI, state management, and MVVM concepts.
- Worked with REST APIs, JSON, authentication, Git, and GitHub while building mobile app projects.

ACHIEVEMENT

GDG On-Campus Zagazig 2026

- Achieved 1st Place among the Top 5 Finalists in the UI/UX Design Competition.

TECHNICAL SKILLS

UI/UX Design	Figma, User Research, User Interviews, Wireframing, Prototyping, User Flows, Personas, Information Architecture, Competitor Analysis
Front-End	HTML, CSS, JavaScript, Responsive Web Design
Mobile Development	Dart, Flutter, REST APIs, API Integration, Git & GitHub
Professional	Problem Solving, Analytical Thinking, Communication, Teamwork, Design Thinking

COURSES & SHORT PROGRAMS

Freelancing Program · 21 Hours February 2026

Creativa Innovation Hubs, Zagazig

- Covered freelancing fundamentals, portfolio building, and client/project management basics.
